

## Waterfront Warrior Project

The City of Long Beach will be hosting 10 to 13 Wounded Warriors and their families this summer. We hope to share with them all the pleasures and hospitality Long Beach has to offer. As a community we will provide veterans with housing, meals and entertainment. With the help of many volunteers and the Wounded Warrior Project we know this event will be a success.

The Wounded Warrior Project is a nonprofit organization that provides comfort and aid to the most severely injured service men and women returning from the current military conflicts abroad.

We hope you will join us in this worthwhile endeavor.

**Fundraiser 6-9PM**  
**Monday, June 1, 2009**
