About the Long Beach Lions Club

The Long Beach Lions Club, over the past 86 years, has been a dominant force in our community, dedicated to service and help for those less fortunate.

Among the benevolent activities we support are our annual food drive, winter coat drive, Pre-K Vision Screening, Juvenile Diabetes funding, and The Long Beach Medical Center, just to name a few.

Our fund raising efforts this year will benefit Champions of the Heart Fund at St. Francis Hospital and the Guide Dog Foundation. Over the past twenty years, The Long Beach Lions Club guide dog sponsorship program has allowed our recipients to live more productive lives.

Our support of Champions of the Heart Fund will allow individuals who lack adequate health insurance access to life-saving cardiac care at St. Francis Hospital, one of the nation's leading heart centers.

Raising additional funding would allow the expansion of these programs. We would be grateful if you would assist us in our fund raising efforts.

Event sponsorship and registration fees are tax deductible as charitable contributions less the fair market value of any goods or service provided. The fair market value of event participation is as follows:

\$250 Day of Golf; \$100 Cocktails and Dinner
