EMERGENCY PREPAREDNESS & EVACUATION

The Atlantic Coast hurricane season is from June 1 to November 30, however, we are most vulnerable from Mid-August to early November. Here are some steps you should take, even before a hurricane watch or warning is announced:

NOTIFICATION

Before a storm occurs, sign up for our Notification Program! The City of Long Beach has partnered with Everbridge to keep residents, staff and emergency personnel safe and informed with quick and reliable emergency notifications and public service announcements. This includes warnings and other important information to every home and business before, during, and after hurricanes or other emergencies. You can sign up for alerts by visiting www.longbeachny.gov or calling 705-7217. Fire & Police will notify residents via loudspeakers. If you are deaf or disabled be sure to register with the police or fire department. Visit www.longbeachny.gov or call the Storm Hotline at 431-1000, press option 1.

WHAT YOU CAN DO TODAY

- Create an Emergency Kit (Go Bag)
- Plan your evacuation route (see Evacuation Routes).
- Learn location of official Red Cross Shelter (NCC).
- Purchase or maintain emergency equipment, such as flashlights, generators, radios, and cell phones.
- Keep trees and shrubbery well-trimmed.
- Plan an alternative location for your boat.
- Buy plywood or other material to protect your home.
- Make a Hurricane Emergency Kit.
- Review your insurance policy.
- Find pet-friendly locations along the evacuation route.

2020 Tide Table (Outer Coast-Ocean)

Ocean High Tides are based on Jones Inlet (Point Lookout).
If wind is from: Northwest and greater than 10 mph - expect tides two feet below normal. Northeast or Southeast, and greater than 10 mph - expect tides two feet above normal. Southwest or West tides as predicted.
Add approximately 1 hour to the ocean high tide to determine the bay high tide.
