Otros Servicios	26

Preface

We are delighted to present a Community Resource Guide. This guide was a collaborative project created by the Long Beach City School District's Equity Committee, Long Beach City School District Adult Learning Center's Literacy Zone, and the City of Long Beach. This guide has been designed to serve as a valuable tool for community members to access resources in the community and surrounding areas.

Having access to information and local resources is a vital aspect of building and strengthening our community. We hope that it will be a useful guide to navigate the resources and services available to our community members.

We recognize that the list is not exhaustive, and resources and services may be subject to change. We are committed to updating this guide to ensure that it remains accurate and relevant. We have a link to access this guide and we will work on updating it as needed.

We want to extend our gratitude to everyone who contributed to the guide

Nassau County & NY State Services

Servicios del Condado de Nassau y del Estado de Nueva York
