Subject: Long Beach Fire Department Bunker Gear

At this time the Long Beach Fire Department is in need of replacing outdated and non-NFPA compliant bunker gear for members of the department. This safety equipment is necessary to protect the members of the department that are entering fires and/or called upon other types of hazardous environments. Under the Federal OSHA Law 1910.156 for Fire Brigades, the employer shall provide at no cost to the employee protective clothing while performing fire fighter duties.

Funding for this purchase is available in the Fire Department budget account for Fire Safety Equipment, Line # A3410.54502. The purchase falls under the state bid process and the manufacturer, Honeywell First Responder Products, contract number PC67939 and our distributor, Hi-Tech Fire and Safety Inc., 158 Allen Blvd, Suite A, Farmingdale, NY 11735, are listed on the state contract list. NFPA standards dictate that firefighter safety equipment has a ten year life span from the date of manufacture. Some items being replaced by this purchase are past that recommend time by a few years and others are damaged and in need of replacement for the safety of the members. We are currently in need of 25 jackets, 25 pants, 25 helmets and 25 pair of boots. The cost for one set of jacket, pants, helmet and boots is \$4,036.81. A total cost for this purchase would be \$100,920.25.

This is a liability issue that needs to be addressed immediately and our proactive approach to meeting the department and cities needs for safety is being met. The length of time needed to manufacturer these sets and for us to accept delivery would be four months. The firefighters would be best protected by purchasing the new bunker gear.

Respectfully,

Joseph F. Miller

Subject: Long Beach Fire Department Length of Service Award Program (LOSAP)

The Long Beach Fire Department LOSAP program is an award program that offers benefits to the volunteer firefighters and EMS personnel of the department pursuant to General Municipal Law, Section 216.

As per New York State General Business Law, Article 11-A, Section 217, one year of firefighting service must be credited under a service award program for each calendar year in which an active volunteer firefighter accumulates at least 50 points. These points include member's attendance in alarms, drills, standbys, meetings and training classes, throughout the calendar year. To be eligible to receive these benefits members must reach the age of 65 years old and have had 20 years of active service in the department.

I ask that the City Council approve the list of names that has been provided and certified as to reaching the 50 point requirement for the calendar year of 2021.

COUNCIL RESOLUTION REQUEST

TO: Donna M. Gayden, City Manager
Richard Berrios, Corporation Counsel
Inna Resnick, City Comptroller

FROM: Ronald J. Walsh Jr. Commissioner of Police

SUBJECT: Resolution Request: Polaris Ranger Purchases

DATE: February 9, 2022

Consistent with our Capital Budget Plan the Police Department is submitting to purchase two (2) Polaris ATV Rangers at a cost of \$37,379.12 including Hardcoat Poly Windshield and Poly Sport Roof and delivery, on Budget line H1022-52267, of the 2022 Police Department Vehicle Capital Budget. The cost savings for these two items as compared with direct pricing from a local vendor is \$12,712.18.

This request is to replace two (2) Ranger ATV's in our current fleet that are nearing the end of their service life. In an effort to receive these ATV's for use in the 2022 Summer Season we intend to order these items as soon as approved.

Upon investigation, we intend to place our order with Polaris Sales Inc. located in Medina, MN 55340. The pricing of these items was off Sourcewell government bid, a cooperative purchasing agreement that combines the buying power of more than 50,000 government, education, and non-profit organizations, and is an approved avenue for government purchases which has been used by the city in the past. The Sourcewell contract number 12222*0-PSI.
