At the LINDELL SCHOOL

601 Lindell Blvd. Long Beach, NY

Touro Law Center to Help Inform Superstorm Sandy Victims of Impending Insurance Deadlines, 6:30pm

Touro Law Center, home of the Superstorm Sandy Disaster Relief Clinic is presenting this seminar to help homeowners affected by Hurricane Sandy meet requirements for two upcoming insurance deadlines:

- ❑ **The “proof of loss” requirement**
- ❑ **The statute of the limitations to file suit**

The Disaster Relief Clinic strongly advises all Sandy victims who are owed flood insurance money to meet this “proof of loss” deadline – even if for example:

- ❑ A claim, “supplement,” or other paperwork is currently pending with the insurer.
- ❑ They have been told that they will receive more insurance money by anyone.
- ❑ They have signed a “proof of loss” form from an insurance adjuster (which is likely incomplete and does not state the full amount of insurance money owed).
- ❑ They have worked with a contractor, building consultant, engineer, public adjuster, or any other expert.

Touro’s checklist provides simple, easy-to-digest information for homeowners about these critical flood insurance deadlines, critical deadlines in homeowner (non-flood) insurance policies, as well as other vital information and tips based on their experience helping storm victims for nearly a year.
